

# MESSIAH FOR HIRE

## CURRICULUM VITAE (CV); COURSE OF LIFE

### PART THREE

#### STRATEGY

“The science or art of planning and directing large-scale military movements and operations; a plan or method for achieving a **goal**; stratagem-a scheme or maneuver for surprising or deceiving an enemy.”

Like “tactics” substitute the word “military” for spiritual. The goal of the strategy is to bring the troops (souls) back home to God, to safety and to peace. This spiritual maneuver necessitated another lifetime. It could not possibly have been achieved 2,000 years ago because the material forces had a valid leasehold interest until the gentile nation’s lease on the planet expired in 1914 after the “times of the gentiles” was fulfilled.

Jesus was very well aware of this spiritual truth and he spoke openly about it. His strategy was to set the stage in that lifetime for the life to come when the “large-scale ‘spiritual’ operation” would take hold.

“Jesus did not need the support of society because he saw himself as part of all humanity.” This would manifest 2,000 years into the future as Bruce when his “spiritual leadership would be used for improving the affairs of humanity.” (*Mars conjunct Pluto*). This is the **goal** of his strategy.

#### JESUS-PAST LIFE-CAUSE

## **BRUCE-PRESENT LIFE-EFFECT**

*Saturn sextile Neptune-* Bruce has “excellent **strategic** talents.”

*Mars conjunct Pluto-* “This is the **goal** of his **strategy.**”

## **PERCEPTION**

“The act or faculty of perceiving; **intuitive** recognition or appreciation; insight; the result or product of perceiving; perspective-having or showing **keenness of perception.** Perceive-to become aware of by means of the senses; to recognize or understand.”

*The Cosmic Code-* “The activity of the theoretical physicist is to perceive the internal logic of nature.”

“To know that we are equipped with fantastically sensitive receptors, each attuned to a particular physical dimension, is to know only part of the story of human perception. Past (life) experience and present motivation can also determine what we perceive.

It was the past life experience that I perceived that motivated me to explore the unknown. I tuned into the dimension and realm of cosmic consciousness; that is where my receptors are attuned. It is a matter of being alert, aware, and conscious of what information is coming our way.

The Webster’s dictionary definition uses the words “**keenness of perception.**” Jesus has “**keen perception**” and my “**perception is keen.**” The “chain is unbroken.”

“**Perception** creates reality and all of Jesus’ sayings have one thing in common. They try to make our **perceptions** shift.”

*The Reappearance of the Christ*-Alice A. Bailey-1948. “Reincarnation is the process of progressive development enabling humanity to move forward from the grossest forms of unthinking materialism to a spiritual perfection and an intelligent **perception** that will enable a human to become a member of the Kingdom of God.”

*Magical Passes*-Carlos Castenada (1998) page 22. “By accomplishing the opposite of the internal dialogue, (the way we reinforce our **perception** of the world) that is to say *inner silence*, practitioners can break the fixation of their assemblage points, (internal dialogue) thus acquiring an extraordinary fluidity of **perception**.”

## **JESUS-PAST LIFE-CAUSE**

## **INSIGHT**

“”The act or power of apprehending the true nature of a thing, especially through intuitive understanding.”

In 1973 I grasped the meaning and understood what God was telling me and I intuitively had the **insight** to see the situation clearly. I “apprehended the true nature” of *My Past Life As Jesus*. Nobody could see or feel what I saw and felt. Everyone I shared my experience with believed I was either crazy or seriously delusional. All that mattered is that I knew I was perfectly sane and living in an insane world.

## **JESUS-PAST LIFE-CAUSE**

*Passover Plot* page 77. Jesus had “wisdom and **insight.**”

*Passover Plot* page 15. “Psychological **insight.**”

*Passover Plot* page 61. “To acquire more **insight.**”

*Neptune in the 5<sup>th</sup> House-* “Deep psychic **insight.**”

*Mercury square Uranus-* “Your **insight** can be brilliant and original.”

## **DETERMINATION**

“The act of coming to a decision; firmness of purpose; resolute; unwavering; decided; settled.”

Not much can be accomplished without the determination, will, resolve and “firmness of purpose,” to finish the job in the face of all obstacles, delays and setbacks. I have been determined since this process began on a consciously aware level since 1973 and after 37 years, (written in 2009/2010), now 47 years, I still have not broken through the barriers and I am still more determined than ever. Leaders are not quitters. Nothing can change my course of direction. The matter has been “decided” and “settled.” Whatever it takes I remain “unwavering” in my beliefs and steadfast in my course of direction. That is determination. I apply this determination to my business life as well as any of my clients will attest to.

## **JESUS-PAST LIFE -CAUSE**

*Passover Plot* page 77. “Jesus had inflexible **determination.**”

*Taurus ascendant*(rising/sidereal). “The ability to stay with a situation and see it through.”

## BRUCE-PRESENT LIFE-EFFECT

*Jupiter in Scorpio* (sidereal)- “**Determination** your greatest asset in overcoming obstacles.”

*Uranus in Taurus*- “Tremendous **determination.**”

*Taurus ascendant*(rising)- “The ability to stay with a situation and see it through.”

## AWARENESS

“Having knowledge or realization; conscious; informed.”

To me, awareness is hyper-awareness to what is happening to me on all levels. Awareness is being tuned into life with a clear signal. The more spiritual knowledge one attains the more we realize and become conscious of the inter-connectedness of the ONENESS; transcending separation and duality of the spiritually unaware ego self. Awareness is one of the keys to God, Christ or Love consciousness.

*Magical Passes*- Carlos Castenada (1998) page 27. “Because you are a creature of **awareness**, a perceiver, like the rest of us” he said. “Human beings are on a journey of **awareness** which has been momentarily interrupted by extraneous forces. Believe me! We are magical creatures of **awareness.**”

## JESUS-PAST LIFE-CAUSE

*Either Jesus CEO or Passover Plot.* “**Awareness.**”

*Passover Plot* page 15. “The **awareness** of being Messiah meant everything to Jesus.”

*Jesus CEO* page 22. “Jesus was so **aware** of his energy.”

*Jesus CEO* pages 65,66. “Jesus had a keen **awareness** of his resources.”

## BRUCE-PRESENT LIFE-EFFECT

*Mars sextile Uranus-* “**Aware** of the present yet compelled by the future.”

*Moon sextile Mercury-* “A conscious **awareness** of the thoughts and feelings of others.”

*Pluto sextile the ascendant trine the descendant-* “An **awareness** of the consciousness of others.”

*Uranus in the first house-* “**Awareness** of alternate modes of activity.”

## CONSCIOUSNESS

“Aware of one’s own existence, sensations; having the mental faculties fully active; known to oneself.”

Consciousness and awareness go hand in hand. By the time you will have finished reading my “life’s course” and my job application for world Messiah your level of consciousness awareness will be much more elevated. The more spiritual knowledge the

greater our awareness and the higher our consciousness. That is our ultimate goal; achieving Christ, Love or God consciousness. I do not believe there is anything “higher” than this and it must be achieved while in the physical body. God consciousness is cosmic consciousness. You will know it when you get here. Remember: “Consciousness does not lose track of itself.”

*Parables For A New Conversation* by Richard Enos. “Imagine a conversation that centers around possibility-the possibility that we can be more accepting of our own judgments, that we can find unity through our diversity, that we can shed the light of our love on the things we fear most. Imagine a conversation where our greatest polarities are coming together, a meeting place of east and west, of spirituality and materialism, of religion and science, where the **STAGE IS BEING SET FOR A COLLECTIVE LEAP IN CONSCIOUSNESS** more magnificent than any we have known in our history...”

## **JESUS-PAST LIFE-CAUSE**

*Passover Plot* page 68. “The dramatic **consciousness** of Jesus.”

*Passover Plot* page 68. “Such a **consciousness.**”

*Pluto sextile the ascendant trine the descendant-* “An awareness of the **consciousness** of others.”

## CONVICTION

“A firm belief.”

Conviction is one of the most important ingredients in the recipe for personal transformation. We must have a “firm belief” that we are going to achieve our spiritual goal of arriving at the heart center of cosmic consciousness.”

*Magical Passes*-Carlos Castaneda (1998) page 27. “If we don’t have this conviction, we have nothing.”

## JESUS-PAST LIFE-CAUSE

## BRUCE-PRESENT LIFE-EFFECT

*Sun trine Saturn-* “When Bruce believes a certain course of action to be right, he will never swerve therefrom though heaven and earth be moved against him.”

*Taurus ascendant-* “Fixed sign people stand by their beliefs and principles.”

## COURAGE

“The quality of mind that enables a person to face difficulty, danger, etc, without fear; bravery.”

It takes courage to face the unknown and constant rejection and ridicule. To believe something that the entire world rejects takes courage. To go to prison for one’s beliefs takes courage. Jesus faced the certainty of the brutality of the crucifixion which the prophecies demanded. That took courage.

## JESUS-PAST LIFE-CAUSE

*Passover Plot* page 122. “They were up against a man of **courage.**”

## BRUCE-PRESENT LIFE-EFFECT

*Sun trine Mars-* “Bruce has **courage.**”

## RESOURCEFUL

“Capability in dealing with a situation or in meeting difficulties.”

Being spiritually resourceful requires faith and a proactive stance toward achieving personal transformation. For me my greatest resource is through prayer. It is a veritable spiritual gold mine. When you need something material or spiritual your greatest resource is prayer. Jesus gave the method on how to do it.

*Mark 11:24* “Whatsoever thing you desire when you pray believe you have received it and you will have it.”

My main prayer is that God gives me the opportunity to do IT’S will. I also pray for God to show me the way to fulfill my spiritual destiny, to accomplish my spiritual mission and to fulfill my higher spiritual purpose. “Ask and you shall receive.” God (the universe) listens. Give your prayer time but don’t give them up.”

## JESUS-PAST LIFE-CAUSE

*Passover Plot* pages 83,122. “Jesus was **resourceful**.”

*Passover Plot* page unknown. “The **resourcefulness** of Jesus.”

*Mars conjunct Saturn-* “**Resourcefulness.**”

*Pluto in the third House-* Bruce’s “**resources** aided by obscure forces.”

*Sun trine Pluto-* “Talent for mobilizing **resources.**” How could I have been born with these talents unless I inherited them from my prior life as Jesus?

*Pluto in the third House-* “Mental **resourcefulness.**”

## INTUITION

“Direct perception of truth, fact, etc. Independent of any reasoning process; a keen and quick insight; to know or understand by **intuition.**”

I intuitively knew in 1973 that what God had told me was the truth. It happened rather suddenly and as quickly as the revelation came it was gone. It was a very powerful epiphany that changed my life forever. It was my very own spiritual resurrection. I was raised from being somewhat dead in spirit to being fully alive. Christianity calls this phenomenon being “born again.” I knew I was on the right track now. I completely understood the implication of what God told me.

*Finite and Infinite Games* by physicist James Carce. “One cannot underestimate the role of intuition and imagination in the sciences.”

*The Lost Symbol* by Dan Brown- page 19 (2009) “Human **intuition** was a more accurate detector of danger.”

## JESUS-PAST LIFE-CAUSE

*Jesus CEO* pages 23,24. “Leaders are **intuitive.**”

*The Third Jesus* by Dr. Deepak Chopra page 67. “Jesus received **direct knowledge from God, his source of secret wisdom. Direct knowledge is a mark of higher consciousness.** This is an aspect of **intuition**, and what is being revealed is the nature of the soul, or higher self. Achieving insight and **intuition** is a reasonable expectation on the path.”

Jesus was born when the *Sun was in Pisces*- “Exceptionally **intuitive.**”

## **BRUCE-PRESENT LIFE-EFFECT**

*Sun sextile Uranus*- “**Intuitiveness.**”

*Uranus conjunct the Ascendant*- “**Intuitive** faculties are highly developed.” How can they be “highly developed” at birth? “Unbroken chain” of course.

*Sun trine Pluto*- “**Intuitive** ability.”

*Sun trine Pluto*- “**Intuitive insight.**”

*Sun trine Pluto*- “**Intuitive insight** enables Bruce to function well in a crisis.”

*Neptune in the 5<sup>th</sup> House*- “An artistic and musical talent inspired from **intuitive** levels.”

*Sun trine Pluto*- “Clairvoyance and **intuitive** abilities.”

*Sun in Pisces* (sidereal)- “Exceptionally **intuitive.**”

*Moon in Sagittarius*- “You are **intuitive.**”

According to Dr. Deepak Chopra: “Jesus received **direct knowledge from God, his**

**source of secret wisdom. Direct knowledge is a mark of higher consciousness.** Let's see if the present (re) incarnation as Bruce supports this observation.

*Moon in the 8<sup>th</sup> house.* “Strong sensitivity to unseen forces.”

*Uranus conjunct the Ascendant-* “**Able to tap a super conscious level of knowledge.**” (“Direct **knowledge** from God...**Mark of higher consciousness.**”)

*Pluto in the 3<sup>rd</sup> House-* “Developed will power and aided by **an inspiration of unknown origin.**” (“Source of secret wisdom.”) What's different here?

*Pluto in the 3<sup>rd</sup> House-* “Responsible for **secret** and exclusive information pertaining to matters of great importance.” Jesus’ “source of **secret** wisdom.”

## GOALS

“The result toward which effort is directed.”

My goal is no different from the goal Jesus sought to achieve. The difference is only in the timing. The short range goal for Jesus was to fulfill the prophecies. The intermediate goal was to survive the crucifixion according to the psalms. The long range goal would be accomplished in the subsequent lifetime as Bruce; transformation spiritually on a global level for humanity with no soul left behind.

*A New Earth-Eckhart Tolle page 301 (2008).* “Then, there is another way of creative manifestation that may come to those who remain true to their inner purpose of awakening. One day they know what their own purpose is. They have a great vision, a **goal**, and from then on they work toward implementing that **goal**. Enthusiasm means there is a deep enjoyment in what you do plus the added element of a **goal** or a vision that you work toward.. When you add a **goal** to the enjoyment of what you do, the energy field or vibrational frequency changes.”

## JESUS-PAST LIFE-CAUSE

*Jesus CEO page 118.* “Jesus had to accomplish a **goal.**”

*Jesus CEO page 143.* “Leaders whose **goals...**”

*Jesus CEO page unknown.* “His **goals.**”

## **BRUCE-PRESENT LIFE-EFFECT**

*Sun trine Pluto-* “Tremendous power and will to achieve **goals.**”

*Saturn sextile Neptune-* “If the **goal** of the program will be better served.”

Aspect unknown- “Directs his **goals.**”

Aspect unknown- “Intent on the larger **goal** ahead.”

Aspect unknown- “Realizing **goals.**”

## **OBJECTIVES**

“A purpose; goal.”

What is it that you would like to accomplish spiritually? My objective has not changed since the past life as Jesus. I would like to empower every soul so they can put an end to the suffering they experience in the material realms. My objective is to bring peace, hope, love, joy and happiness to humanity. This is what I have been sent to do.

## **JESUS-PAST LIFE-CAUSE**

## **BRUCE-PRESENT LIFE-EFFECT**

*Sun trine Saturn-* “Bruce can mobilize his talents creatively to gain his **objectives.**”

*Sun trine Saturn-* “Everything he does is geared toward a useful and practical **objective.**”

*Sun trine Pluto-* “Bruce can do well in any profession in which the desired **objective** is to restore order from chaos.”
