

## **JUPITER TRANSITING MY 9<sup>TH</sup> & 10<sup>TH</sup> HOUSES FROM DECEMBER 20, 2020 UNTIL MAY 10, 2022. JUPITER ENTERS MY 11<sup>TH</sup> HOUSE ON MAY 11, 2022 UNTIL OCTOBER 28, 2022.**

Jupiter entered my 9<sup>th</sup> House on December 20, 2020 when it went into Aquarius. On May 25, 2021 Jupiter entered my 10<sup>th</sup> House when it went into Pisces. Jupiter retrograded on June 20, 2021 and on July 29<sup>th</sup> slipped back into Aquarius and my 9<sup>th</sup> House. On December 29, 2021 Jupiter enters Pisces in my 10<sup>th</sup> House where it remains until May 11, 2022 when it enters Aries and then slips back into Pisces and my 10<sup>th</sup> House on October 28, 2022 until December 21, 2022 when it goes forward into Aries and my 11<sup>th</sup> House not to come back to my 10<sup>th</sup> House for another 12 years.

**JUPITER IN THE 9TH HOUSE** means: “This house is a very good position for Jupiter. At this time the perspective of your life can be expanded tremendously. You may have opportunities for extensive travel, for learning and also for **teaching others** in either a formal or informal setting. Your desire to learn, however, is very great, and you will probably do much more reading than usual and more about abstract and profound subjects. Philosophy, metaphysics and religion are typical studies associated with this transit. And you will encounter these not only as books, but as real issues in your life. Your need is for real and useful knowledge about your world.

This is a good time to become involved in a **human-potential effort** or some other **consciousness-raising** group....If you are a writer, this is an excellent time for it, because the 9<sup>th</sup> House is the house of publishing and other **communications media that reach the world at large.**

As you are exposed to a broader world, your views on life will change. This transit is a very powerful maturing influence in the most positive sense; in other words, you **become wiser now than at any other time in your life.** But you have to be fundamentally open to progress...there is also the likelihood that you will become increasingly involved with foreign persons or lands either in your business or in your professional life.

The main effect of this transit is to **make your consciousness grow** so much that you can no longer live with your old prejudices and beliefs. You must *know*\* rather than just believe, and the more you can replace belief with knowledge, the better off you will be.”<sup>1</sup>. So, this energy period ends on December 28, 2021 and on December 29, 2021 Jupiter enters my 10<sup>th</sup> House.

\* *Aquarius Midheaven* means: “I know that I know.”

**JUPITER IN THE 10TH HOUSE** means: “During this transit your attention will turn towards your profession, career, social status and reputation. It is a time when you will try very hard to **move ahead** in any or all of these areas, and any reasonable effort should result in **considerable progress**. For most people this is **a time of getting ahead...**This transit is likely to signify **recognition for what you have accomplished**. You can **expect public recognition**, or the esteem of your contemporaries during this time. You will also feel more confident about yourself, and this may be one of those few times in your life when you are **really in touch with what you can do**.

You may also experience other effects of this transit. For example, you may have to travel in connection with your work, or you may have increased dealings with foreign persons.” 2. Jupiter remains in my 10<sup>th</sup> House from December 29, 2021 until May 10, 2022

**JUPITER IN THE 11TH HOUSE** means: “At this time your hopes, ideals and wishes for the future play an important role in your life...you will become more than usually idealistic and will want to **improve the world around you in every possible way**. If your perspective is relatively broad, you will want to translate this desire into **broad social reform**..whatever you put out will come back in an even greater quantity.” 3.

From May 11, 2022 until October 28, 2022 when Jupiter retrogrades back into my 10<sup>th</sup> House until December 21, 2022 when it goes forward into my 11<sup>th</sup> House. This is what the future portends. (Only God knows).
