

# SATURN IN AQUARIUS CONJUNCT MY MID-HEAVEN IN AQUARIUS MARCH 12TH TO MARCH 20, 2022. LOOKING INTO THE FUTURE THIS 12TH DAY OF NOVEMBER 2021. 1

“This is the time when all your past preparations for the future will have their most important consequences. This transit represents an important life **pinnacle\*** for you, but it also entails very important duties and responsibilities.

About 14 years ago, (2007)\*\* you began a new cycle of personal development. During this entire period you have laid the framework for what will happen now. If you are relatively young, that is under forty, during this transit, this is the first of two or three such cycles in your life; the later ones (2022) will be more significant. If you are older (I will be 74 years young on April 2, 2022) **this is one of the most important times in your life.** It is almost as if you have been climbing a mountain for many years, and now the peak is in sight.

As you approach this culmination of years of **effort\*\*\*** and **ambition\*\*\*\***, it is very important to review just what you have been trying to achieve and how you have been going about it. The more solidly you have laid the foundations for your **success**, # the greater your capability for achievement at this time... (I have been working to this end for lifetimes)

The areas of your life that you have prepared carefully will become tremendously productive now. Your opportunities \$ are at a peak for achievement+ and for additional **responsibility** and **power**. ## in your work and in your personal life. This period will continue for several years. People will look to you for **leadership ####** whether you want it or not.

The period of the immediate transit may seem rather difficult because the responsibilities it signifies may come on rather suddenly, and you will need some time to adjust to them... Your **task** ^ now is to take responsibility for your past and your present and, no matter how difficult it may seem, to persist at your tasks and keep moving forward. You will get used to the responsibility and enjoy one of the most productive times of your life.”

\*\* Fourteen years ago I was indicted in 2007 for contesting the validity of a personal income tax on labor which violated the *United States Constitution Article 1 Section 2 Clause 3*. The *16<sup>th</sup> Amendment* does not nullify *U.S.C. Art 1 Sec 2 Cl 3* and only pertains to indirect and not direct taxes. I definitely “began a new cycle of development” and “laid the framework for what will happen now.” While in prison I spent hundreds of hours in the law library and wrote a massive legal treatise called: *A Travis-ty of Justice-Conspiracy Against Rights-The Burden of Proof*. It will be presented as an unplugged, as is, raw, unedited, and hand printed version so the reader can feel what I was researching and writing while in the prison law library.

\*\*\* See Blog post for October 28, 2021. *I Ching* Oracle reading hexagram # 46 Pushing Upward. "...This Pushing Upward is associated with **effort**..that is why this hexagram, although it is connected with success, is associated with **effort** of the will.

\*\*\*\**Sun in the 11<sup>th</sup> House* means: "**ambitions**". *Saturn in the 3<sup>rd</sup> House* means: "**ambition**." *Sun trine Saturn* means: "high degree of discipline fulfilling **ambition** through hard work." *Sun trine Mars* means: "Attributes of **ambition**." *Mars conjunct Saturn* means: "**Ambition** for power." (spiritual power)

#Ibid \*\*\*The hexagram is connected with **success**... Pushing Upward has supreme success...no obstruction and is therefore accompanied by great success...**success** is assured."

## *Pluto in the 3<sup>rd</sup> House* means: "He possesses **power** of penetration." *Mars conjunct Pluto* means: Tremendous power in actions." *Mars conjunct Saturn* means: "Enduring strength and ambition for **power**." (spiritual power). "*Sun trine Pluto* means: "Tremendous power and will." *Sun in the 11<sup>th</sup> House* means: "Strong inner desire for **power**." (spiritual). *Sun trine Saturn* means: "**Power** of concentration." *Mars conjunct Pluto* means: "**Through his spiritual reserves he is able to tap the energy of universal power**..great **power** in regeneration" *Sun trine Pluto* means: "**Highly evolved powers** of concentration and will... **Magnetic power** of his will...**willpower** is considerable..**qualified to gain positions of power and authority**." *Sun sextile Uranus* means: "Tremendous power."

+ *Mars sextile Uranus* means: "He will **achieve** fame through unique contributions in universal fields...*Sun trine Saturn* means: "To **achieve** the best results."

###*Saturn sextile the ascendant* means: "Effective in positions of **leadership**." *Sun trine Pluto* means: "A natural leader." *Sun trine Mars* means: "**Leadership** ability." *Sun sextile the midheaven trine nadir* means: "**Leadership** ability." *Sun sextile Uranus* means: "**Leaders of movements**." *Sun trine Pluto* means: An inspired leader." *Mars conjunct Pluto* means: "**Spiritual leadership for improving the affairs of humanity**." *Uranus conjunct the ascendant* means: "A **leader** in revolutionary activities." *Sun sextile Uranus* means: "He will **lead** the movement."

^ *Sun trine Mars* means: Enjoys the challenge of a hard **task**." *Sun trine Mars* means: "He has the insight to perform difficult **tasks**." *Mars sextile Uranus* means: "He will accomplish these **tasks** with originality."

\$ *Sun trine Saturn* means: "He inherently knows how to take advantage of **opportunities** when they arise."

From March 15 to March 20, 2021 Jupiter was conjuncting my midheaven in Aquarius. This energy was a prelude to the *Saturn conjunct Midheaven* coming up on March 12<sup>th</sup> to the 20<sup>th</sup> 2022. This was a warm up and jump-start for what was to come one year later.

*Jupiter conjunct Midheaven* means: “This transit represents **a period of culmination** in which you **make great effort to get to where you want to be**, either in your profession or in some other area. And your **efforts** appear to produce results more easily than at just about any other time. Therefore you feel better about yourself and your life than at other times, and you feel confident that you handle anything that comes your way...This transit does not usually represent the peak of your professional achievement. **You are on the way up**; however, Jupiter here means **a period of rapid expansion** and **personal progress**..make sure that all expansion is carefully planned...Make sure that for you this is a period of real growth...”

Compare this aspect in March 2021 to the 46<sup>th</sup> *I Ching* Hexagram *Pushing Upward* on October 28, 2021 where the energies have dramatically changed from “**You are on your way up**” to “Pushing Upward indicates rather **a vertical ascent-direct rise from obscurity and lowliness to power and influence.**” Compare this to “This transit does not usually represent the peak of your professional achievement” to “power and influence.” Since 1973 I have consciously been “making a great effort to where I want to be” i.e., I want “to be” where I am recognized for who I AM and who I was as Jesus. I AM the reincarnation of Jesus.

*Saturn conjunct my Mid-heaven* in Aquarius WILL “represent the peak of professional achievement.” All the signs are there. So, we shall see. I always remember what Jesus said about his “Second Coming.” “Only God knoweth the hour.” It is impossible to predict when I will gain global recognition. The majority of Jews don’t even recognize Jesus and the majority of Christians do not believe in reincarnation so its always going to be an uphill battle. Only God can overcome the obstacles. I can only “keep on keeping on.”
