

COMMENTARY ON THE APRIL 2, 2024 I CHING READING

The question posed prior to the reading was: “When will I and this information be recognized on a global level and when should I release this information?” I have known since 1973 that I am the reincarnation of Jesus. I am not Jesus. I WAS Jesus. This is the “information” I am referring to. For the past 50 plus years I have researched and documented this past life and I have been trying to get someone with an open mind to read the research. To date no one has stepped forward. The hexagram I drew was #40 called Deliverance with 9 in the 2nd place with the follow up hexagram of #16 Enthusiasm. In my April 2nd reading I said: “...a couple of words throw a little pause into the equation.” What are those words? The following is a condensed version of Hexagram #40.

1. “The time of deliverance is great indeed.”
2. “The movement goes out of the sphere of danger.”
3. “The obstacle has been removed.”
4. “The difficulties are being resolved.”
5. “Deliverance is not yet achieved.”
6. “It is just in its beginning.”
7. “Tensions and complications begin to be eased.
8. “These periods of sudden change have great importance.”
9. “A time of deliverance from burdensome pressure has a liberating and stimulating effect on life.”
10. “In such times we must not overdo our triumph.”
11. “The point is not to push on farther than is necessary.
12. “Returning to the regular order of life as soon as deliverance is achieved brings good fortune.”
13. “If one devotes himself wholeheartedly to the **task*** of deliverance he develops so much inner strength from his recitude**that it acts as a weapon against all that is false and low.”

*See **Task** in the *Curriculum Vitae-Course of Life*.

** Recitude-”morally correct behavior or thinking; righteousness.

In the further reading of Hexagram #40 in Book two of the I Ching #4 above reads as follows: “Here the difficulties **have already been overcome.**” In Book 1 it says: “**The difficulties are being resolved.**” Is the Holy Spirit confused as to which one it is? There is a simple answer to this seeming contradiction.

I have quoted Albert Einstein many times where he says: “The past, present, and future are all happening simultaneously.” I believe he derived this belief from *Ecclesiastes 3:15*. Google it.

15. “That which is, (the present moment as the here and now) has already been; (the event occurred and is now in the past) That which is to be, (the future event) already has been..” (the present moment as the here and now is happening at the same time as the future moment in time.) “What is happening now has happened before, and what will happen in the future has happened before, because God (us) makes the same things happen over and over again.

The past, present, and future are all one in spiritual truth. Nothing has been lost in the past, and nothing is being withheld until some future time. Everything exists at this moment in the Allness that is God. It

awaits our faith and creative choices to bring it into expression. God (our own soul) will judge right from wrong and bring about justice. God (us) will make things right. We may not always know how he (us) will make things beautiful or when he (us) will do that, but we can count on it, pray for it to happen, and put our trust fully in God to redeem even the worst of our circumstances.

The key to life is not in life itself. Pleasure, materialism, wisdom, and money are all futile and folly. True happiness comes from centering our lives in God, not ourselves. We are reminded how easily and foolishly we can become idolators by treating our lives, careers, wealth, and pleasure as ends in themselves.

Life “under the sun” is coming to an end; we will all stand before God’s (our own soul) judgment throne no matter who we are. Here is the conclusion of the matter. Fear God (fear our own negative karma as we will be judged by our own soul) and keep His commandments, for this is the whole [duty] of man. For God will bring every deed (cause and effect karma) into judgment, including every hidden thing, whether it is good or evil. People cannot discover the work that God does from beginning to end. Even though God has put a desire in human beings to comprehend how everything fits together, it is an impossible task because people are not able to understand what God is doing in the world.”

That which is
Has already been
That which is to be
Already has been

Said another way. Linear time bound by gravity is based on the law of cause and effect. Stephen Hawking posed the question: “Is the future knowable?” Yes, it is and I address the topic in depth in *Curriculum Vitae-Course of Life-Parts 1-10*. Putting this in perspective with the *I Ching* reading of #40 my interpretation is that “Deliverance” for me has already happened on the continuum but is still a “future” event. That said, the worst of times for me has passed and “Deliverance” is just at its “beginning” and everything I am doing to bring about the, as unrealized, “future” will happen “with *Enthusiasm* #16.

“The time of *Enthusiasm* derives from the fact that there is at hand an eminent man who is in sympathy with the spirit of the people and acts in accord with it. Hence he finds universal and willing obedience. (I prefer the word cooperation) To arouse enthusiasm it is necessary for a man to adjust himself and his ordinances to the character of those whom he has to lead.

The inviolability of natural laws (cause and effect) rests on this principle of movement along the path of least resistance. These laws are not forces external to things but represent the harmony of movement immanent in them. That is why the celestial bodies do not deviate from their orbits and why **all events in nature occur with fixed regularity**. It is the same with human society; only such laws as are rooted in popular sentiment can be enforced, while the **laws violating this sentiment merely arouse resentment..**

It is enthusiasm too that can unify mass movements, as in war, so that they achieve victory. Religious (spiritual) feeling for the Creator of the world was united with the most sacred of human feelings. When one possesses something great and is modest, there is sure to be enthusiasm. The holy man moves with devotion.”

Donald Trump, as an unholy human being, only “devoted” to material pursuits is about to face his own cause and effect karma. Trump is “arousing resentment” on a global level and violating the laws of the universe. “Pride goeth before the fall.” *Proverbs 16:18-19*. The event of his “fall” **“that which is to be Already has been.”** First pride, then the crash-the bigger the ego, the harder the fall. It’s better to live humbly among the poor than to live it up with the rich and famous.”

#2. The movement of life.

#3. The obstacle that blocked the future event of deliverance has been removed.

#4. They must be in order to proceed to Deliverance.

#5. Deliverance in the here and now is not yet achieved because it is still a future event.

#6. But Deliverance has begun.

#7. This contradicts #'s 2 and 3 and Book 2. “The difficulties have already been overcome.”

#8. Deliverance will be a sudden change.

#9. This is the future present. It has already happened indicated by the words “has a liberating and stimulating effect on life.” Describing what Deliverance will feel like.

Numbers 8-13 are instructions for the future event that has already happened but not yet manifest in the here and now.

#10. “In such times (of Deliverance) we must not overdo our triumph.” The oracle is saying to remain humble and grounded once the “great victory of achievement” has been accomplished. Deliverance means global recognition and that is the “great victory of achievement.”

#11. Don’t push the envelope of “triumph.” There is no glory in this “great victory of achievement” when there is so much suffering in the world.

#12. Get back to normal as soon as possible “as soon as deliverance has been achieved. The future event has yet to manifest and it is timed by the “orbits of the celestial bodies” as “all events in nature occur with fixed regularity” and this one is no exception.

#13. I am “devoted wholeheartedly to the task of deliverance.”

What we do know is that #8 “**sudden** change” is almost upon us. Beginning on April 17th Uranus, the planet of **sudden** occurrence will be in conjunction with the planet Jupiter which represents growth, expansion, healing, prosperity, good fortune and miracles. Jupiter brings vision, faith, optimism, loyalty, justice, confidence and spiritual wisdom. Uranus and Jupiter are conjunct in Taurus the sign of the material world exactly 21 degrees within a few celestial minutes on April 21, 2024 and are in my 12th House. (Google Uranus in the 12th House and Jupiter in the 12th House.) Something very expansive is going to suddenly occur. *1 Thessalonians 5*. “... for you know very well that the day of the Lord will come like a thief in the night.”

I don’t believe anything out of the ordinary will happen on April 21st. Uranus is a slow moving planet and will be in Taurus for awhile longer as well as Jupiter which is not quite as slow. These energies apply to all of 2024. The saga of Donald Trump needs to play out to the end up to the election. When Trump falls then we can look for a “sudden change.”

Amen
