

CURRICULUM VITAE/CV/COURSE OF LIFE

PART VIII

ASSERTIVE

“Confidently aggressive or self assured; to state positively; declare.”

Jesus was certainly an example of someone who got out there and expressed in an aggressive and confident way the message he wanted to impart. If he didn't make waves then they wouldn't be lapping on our shores now, two thousand years later!

JESUS-PAST LIFE-CAUSE

I replied, ‘no, you have it all backward. He has the **MARKS OF A MESSIAH**. He is brilliant, **self confident**, **aggressive**. A one-to-one ratio of **ambitions** to ability.”

Both Jesus and Bruce manifest these “**marks of a Messiah**.”

CTSM- Question: "Do situations ever call for **aggressive** action?"

Answer: "I don't think so; because **aggressive** action is generally connected with defending oneself. If the situation has the quality of *nowness*, of precision, it never gets out of hand. There is no need to control it to defending oneself."

Question: "I'm thinking of Jesus chasing the money changers out of the temple."

Answer: "I would not say that was **aggressive** action, that was truthful action, which is very beautiful. It occurred because he saw the precision of the situation without watching himself or trying to be heroic. We need action like that."

This is exactly the manifestation of *Mars conjunct Pluto* above.

"Bruce is aggressive but represents the ideal in terms of balance between aggression and self control" "never gets out of hand." In the temple scenario above wouldn't those words apply exactly to Jesus"

ACHIEVEMENT

"To bring to a successful end; to get by hard work or effort."

Jesus brought to a successful conclusion Part 1 of the Plan. He fulfilled the prophecies and his crowning **achievement** was to live to tell about it.

Sun trine Saturn- “To **achieve** the best results.” Jesus: “**Achieve** his aims.”

HEAVY ON MY MIND

Jesus clearly understood from the scriptures that he had to suffer everything from being spit on, flogged, beaten, slapped, cuffed, bruised, clubbed, crown of thorns, nailed to a cross and then a spear “pierce” your side, and experience a horrendous way of “dying.”

The other thing that weighed heavily on Jesus’ mind was to figure out how to survive the crucifixion according to the Psalms. These things created an indelible imprint for the record that would be traceable 2,000 years into the future, present.

You have already seen how Bruce has programmed into his software a “do or die attitude” and that he can “face death unflinchingly.” The pattern of his character and personality has remained intact after 2,000 years. Nothing has changed. Just the location and the times.

OBSESSED

“To excessively preoccupy the thoughts or feelings of; to think about something unceasingly.”

Jesus was more focused than he was **obsessed**. The same with Bruce who has many varied interests. **Obsessed** is the excessive, almost negative side of being driven to accomplish something. Fulfilling the prophecies was very consuming but Jesus had a life besides his preoccupation with doing the will of God. He married, had three children, (one daughter and two sons) divorced and remarried, had another daughter. So there are two bloodlines from Jesus.

Jesus loved on a human level. He loved women. Nothing has changed. His real “secret love affair” was with God.

JESUS-PAST LIFE-CAUSE

Passover Plot page 131. “Jesus was **obsessed** with this necessity...”

Passover Plot page 46. “As he saw it in his own time and setting with its strange **obsessions.**”

BRUCE-PRESENT LIFE-EFFECT

Aspect unknown- “At times **obsessed.**”

INGENUITY

“The quality of being cleverly inventive or resourceful.”

Jesus’ whole ministry was carefully thought out. The way he manipulated everything at the perfect time in order to conform with the fulfilling of the prophecies. He was **ingenious** to say the least. To survive the crucifixion was the most amazing act and plan of **ingenuity** ever engineered.

JESUS-PAST LIFE-CAUSE

Passover Plot page 123. “Cunning and **ingenuity.**”

Passover Plot page 143. “The exhilarating exercise of his wits.”

Passover Plot page 184. “He outwit his opponents.”*

”Resourcefulness, **ingenuity, mental faculties.”

BRUCE-PRESENT LIFE-EFFECT

Pluto in the 3rd House- “**Ingenuity.**”

INVESTIGATIONS

“To search or inquire (into) systematically.”

Dr. Hugh Schoenfield, author of the *Passover Plot*, deduced over a period of 40 years **investigating** the personality and character traits of Jesus that Jesus had spent time with the Essenes who lived by the Dead Sea in ancient Israel and investigated the messianic prophecies. Jesus had to search out each of the prophecies, decipher the timing, interpret their meanings and make sure they applied to him.

The most important criteria for qualification for the job position of Messiah was being a branch of the *House of David*. He knew this fact. He knew he was descended from King David’s younger son Nathan. He also knew David was born in Bethlehem, the same village he was born in so he had a good start. Jesus also knew he was born during the triple conjunction of Jupiter and Saturn in Pisces which was also a good “sign.” But the matter needed to be **investigated** completely so there would be no margin of error. As said earlier, when John came on the scene Jesus breathed a sigh of relief. That is why he said “there were no greater prophets” than John the Baptist. No Elisha/Elias, no messiah. No David, no King. Jesus did his homework. Bruce has been doing his too. He was born to research.

JESUS-PAST LIFE-CAUSE

BRUCE-PRESENT LIFE-EFFECT

Sun trine Pluto- “Deductive abilities useful in **investigatory** occupations.”

Jupiter in Scorpio. “Psychic **investigation.**”

EGO

“The self of a person; psychonalysis. the component of the psyche that experiences and reacts to the outside world.”

Wayne Dyer says if there is too much **EGO** you **Edge God Out**. Where there is too much **ego** there is no **G.U.R.U**; i.e. “gee, **you are you!**” The eternal and everlasting you.
U R U

The Cosmic Code page 30. “No great science was discovered in the spirit of humility; a healthy sense of **ego** and intellectual intolerance is crucial to the conduct of inquiry.”

BRUCE-PRESENT LIFE

Sun sextile the Ascendant- “He projects his **ego** with finesse and skill.”

PRACTICAL

“Resulting from practice or action; inclined toward or fitted for action or useful activities.”

Everything Jesus did had a **practical** objective in mind. He was intent on his goal and determined to reach it. He used everything and every opportunity to his advantage in the most **practical** ways.

JESUS-PAST LIFE- CAUSE

Passover Plot page 173. “Jesus was a pragmatist.” *

Taurus Rising- “**Practicality.**”

* “Concerned with **practical** considerations or consequences with emphasis on **practical** results.”

Neptune in Virgo- “Imagination and spiritual issues...for **practical** use.”

NOBLE IDEAL

“A conception of something; in its perfection; a standard of perfection; an ultimate aim; conforming to an **ideal**.”

Jesus was the personification of the **Noble Ideal**. He stayed the course and never compromised his beliefs or ideals.”

JESUS-PAST LIFE-CAUSE

Passover Plot page 185. “**Noble ideal**.”

Saturn sextile Neptune- “He won’t sacrifice his **ideals** to gain anyone’s favor. He finds it difficult understanding how anyone can tolerate the guilt of remaining passive to intolerable social ills.”

Sun in the 11th House. “Integrity and **ideals**.”

CAPACITY

“The ability to receive or contain; mental ability; the ability to do something.”

Everyone has the **capacity** to achieve self transformation, transcendence, and change. It takes effort and hard work on your self. We have limitless capabilities. It’s all in the mind. If you think it and believe it, you can be it...One with God.

JESUS-PAST LIFE-CAUSE

Passover Plot page 106. “Remarkable **capacity** for exploiting situations.”

Passover Plot page 77. “**Capacities** had been conferred upon him.”

Jesus CEO- page unknown. “Capacity for action.”

BRUCE-PRESENT LIFE-EFFECT

Saturn sextile Neptune- “Capacity to discipline.”

Mars sextile Uranus- “Capacity for rapid decisive action.”

INTROSPECTIVE

“Observation or examination of one’s own emotional state and mental processes.”

Dr. Schoenfield described Jesus as being one way psychologically before the baptism and a whole different person after the baptism. Once the Elija/Elias prophecy had been satisfied Jesus pulled out all the stops and became emancipated. Jesus received the final confirmation as being the long awaited Jewish messiah and all his “pent up” energy could now be released.

What is most interesting is that most of those pre-baptism traits were not picked up in the present incarnation. What Jesus experienced “before” does not prominently manifest “after.” It seems that aspect of Jesus’ personality was relegated to the past.

Introspection is something Bruce does now and then to keep himself in check. He has deliberately and not so deliberately seen psychiatrists to expose his beliefs about himself to be on the record.
